Charles R. Macedo Featured in Thomson Reuters Practical Law Video on the Three Types of Post-Grant Patentability Challenges Available by the America Invents Act

Thomson Reuters Practical Law

This <u>Thomson Reuters Practical Law video</u> of partner <u>Charley Macedo</u> discusses the three types of post-grant patentability challenges made available by the America Invents Act, exploring key differences between inter partes review, post-grant review and covered business method review, including how to determine which type of challenge is available, and typical fees and timelines.
