

## **IPWatchdog Navigating Bitcoin and Blockchain for Digital Businesses: Key Use Cases**

Author(s): Charles R. Macedo, Barry Brager\*

IP Watchdog reports -- Today, blockchain projects are proceeding in nearly every major industry and occur in more than 140 countries. According to blockchain IP landscape research by Perception Partners, over the past three years, the compound annual growth rate (CAGR) of patent families publishing in the United States, Europe, Patent Cooperation Treaty (PCT), China, Japan and Korea is about 23%. The space has more than 13,000 global competitors of every size with nearly 23,000 inventors or authors disclosing or researching blockchain innovations.
