

Monetization of a Firm's Patent Rights: A Lawyer's Perspective

- November 02, 2012, *Bloomberg BNA, BNA's Patent, Trademark & Copyright Journal*, 85 PTCJ 22

Author(s): Joseph Casino and Michael J. Kasdan

"Monetization" of patents—i.e., making money from a patent or patent portfolio—has evolved from a model that relied solely on traditional direct licensing to include a diverse and exciting array of new modes that can be used to potentially profit from patent assets. The authors assess the array of new modes that have evolved for making money from patents.
